

TAKE YOUR PRODUCTIVITY TO THE NEXT LEVEL WITH THE NEW MULTIPLE LINE ROBOTIC CASE PALLETIZER RP-2500

- **Multiple line row pick design**—handles up to 4 production lines with a single palletizer
- **Rates of up to 25 cases per minute**—or 50 packs per minute
- **Handles corrugated cases, shrink wrapped bundles, chipboard packs**—and other packaging
- **Unique C&AT-designed, end of arm pneumatic mechanical clamp-style tooling**—mounted to a FANUC palletizing robot
- **Capable of forming various pallet patterns**—based on pre-programmed HMI screen selections
